

Anti-Doping

UK Anti-Doping has a responsibility for ensuring that all sports governing bodies in the UK are compliant with the World Anti-Doping Code through implementation and management of the UK National Anti-Doping Policy – see www.ukad.org.uk

The MSA has adopted the UK Anti-Doping Rules (as amended from time to time), subject to certain provisions as detailed in the relevant section of the MSA Yearbook (2016 H.39 page 140), and which also comply with the FIA Anti-Doping Regulations. The current version of the WADA Prohibited List can be found at www.wada-ama.org

The MSA, in co-operation with UK Anti-Doping and the FIA has developed an Anti-Doping education and testing plan to conform to the WADA code, to ensure competitors fully understand the purpose of testing.

The Global Drug Reference Online (Global DRO) www.globaldro.com provides athletes and support personnel with information about the prohibited status of specific substances, including alcohol based on the current World Anti-Doping Agency (WADA) Prohibited List.

Visitors can search the Global DRO for specific information on products sold in the United Kingdom, Canada, and the United States.

Any driver taking part in a competition registered on the FIA International Sporting Calendar must submit his or her request for a TUE to the FIA TUE Committee PRIOR to competing. **Please see below links to both of these.**

FIA TUE web page:

There is no pre event requirement for annual TUE applications for drivers who are not competing in an FIA International Event. However, where an individual has been required to provide an anti-doping testing sample and requires a TUE, then applications for a retrospective TUE must be made to UK Anti-Doping by e-mail to Jennifer.carty@msauk.org within 10 days of a sample being taken.

The MSA has appointed Jennifer Carty as its Anti-Doping Officer, who may be contacted on 01753 765000 or Jennifer.carty@msauk.org
